## GUISELEY CRICKET CLUB CODE OF CONDUCT

- In order to be ready for the start of play please arrive at your destination at the given time whether playing at home or away.
  
- Practice nights are must attend sessions and if unable to attend you are asked to notify your captain with a valid reason for non-attendance. No one must be seen leaving the practice sessions before the end and all relevant equipment is put away.
  
- Personal preparation for weekend games is vital if you are to give of your best for you as an individual and what you bring to the team. Anyone arriving for weekend games 'hungover' or 'jaded' due to personal irresponsibility on a Friday or Saturday night will find their selection for the following week in jeopardy.
  
- At away games it is expected that all players will stay for at least 1 drink before returning home.
  
- All Guseley Cricket Club players will show respect for the opposition and umpires in all games. This should not take away the desire to win games but we take the view of the old adage 'play hard but fair'.
  
- Availability. If we are to be successful this season it is imperative that players make themselves available for as many matches as possible. Selection will take place on a Thursday evening and be published that night or first thing Friday morning.
